

GRITTER, HAND-OPERATED

32-S50

Hand-operated gritter with 50 l hopper volume

- Working width 60 cm
- Total width 85 cm
- Wheels 4.80/400-8

The gritter only spreads sand when it is moved forward and is disengaged when pulled backward. The spread auger is operated by the wheels and is easy to disengage.

The spreading quantity can be easily adjusted using the spring loaded bottom flap.

Suitable for paths, pedestrian walkways, courtyards, etc.

For the gritter we recommended using fine sand (0,063-0,2 mm).

TECHNICAL DATA

Working width	600 mm
Hopper volume	50 l
Wheels	4.80/4.00-8
Total width	850 mm
Weight	34 kg
