

CALF TRANSPORT CART

34-KT

Kellfri Calf transport cart for moving calves between fields or in cowsheds

- Height-adjustable for easy loading and unloading
- Locking headgate holds the calf securely
- Large wheels make the trailer easy to move

The calf transport cart is height-adjustable for easy loading and unloading.

The closable door at the rear and locking headgate at the front hold the calf in place during the move.

Large wheels make the trailer easy to move even on uneven surfaces.

Floor made of plywood, walls made of bent sheet metal.
