

## STRIMMER

35-HKK

See [videos](#)

### The fencing wire specialist

- **Powerful blades**
- **Hydraulic side shift adjustment**
- **Large number of possible settings**
- **Powerful spring-loaded cutting disc**
- **On three-point linkage, front or back**

Extremely powerful strimmer for tractor's three-point linkage, front or rear mounted.

With hydraulic side shift adjustment, as well as spring-loaded cutting disc for effective cutting under fences and close to buildings, railings and road verges. The guard plate hits the posts and springs back out of the way to return to its starting position, ensuring a close cut around the post.

Robust abradable blades that can cope with the toughest vegetation and robust guard plate at base prevents blades from hitting the ground.

Many adjustment options available to cope with different tractor sizes; front mounting ensures an excellent view of work and control.

The strimmer requires one single-acting, one return and one double-acting hydraulic outlet on the tractor. Requires some customer assembly.

#### TECHNICAL DATA

<b>Working width</b>	<b>800 mm</b>
<b>Blades</b>	<b>2 pcs</b>
<b>L x W x H</b>	<b>2400 x 1500 x 850 mm</b>
<b>Engine</b>	<b>Parker 25cc</b>
<b>Pressure limiter</b>	<b>Built-in</b>
<b>Oil flow</b>	<b>At least 30 l/min</b>
<b>Rotorer</b>	<b>1 pcs</b>
<b>3-point connect</b>	<b>Cat. 1 &amp; 2</b>
<b>Weight</b>	<b>168 kg</b>
