

SLIDING OPENING FOR HEAD GATES

25-FGD

Increase safety while working in herding paths - use sliding openings!

- Suitable for Kellfri's moveable gates
- Gives a passage width of 90 cm
- Robust opening which slides easily
- Galvanised for long service life

Fits Kellfri's entire gate system, with moveable, stable gates which make it easy to erect collection pens, as backstops in herding paths, stalls, pens, convalescence pens or screened-off areas.

In winter the gates can be used to construct rest sites or as fittings in a loose housing barn.
