

## PARK MOWERS

35-FM180

[See videos](#)

### Get your tractor cutting grass efficiently

- Optimise use of the tractor
- Excellent working width of 1.8 m
- Lubricated bearings
- Easy to clean

Grass clipper can be fitted on tractor's three-point linkage, providing a cutting width of 1.8 m requires little power. This makes your tractor an efficient grass cutter for large areas.

The generously sized machine has four pivot wheels, maximising results by staying as close to the ground as possible. Its simple construction makes it easy to service and maintain, ensuring a long service life.

Supplied with PTO drive shaft and transmission oil.

#### TECHNICAL DATA

Working width	1790 mm
Engine power	20-35 hp
Blades	3 pcs
L x W x H	1892 x 1450 x 600 mm
3-point linkage	Cat. 2
Weight	445 kg

### Martin with his newly renovated MF35 is very satisfied with the park mower he bought from Kellfri.

*I assembled my park mower tonight and am terribly pleased with the quality and features of it. Fantastically well packaged for that matter too! Tested it after my MF35 -62 after adding gearbox oil and lubricating all lubrication nipples, it really works just fine. Very worth what it costs! I'm really looking forward to having a slightly larger riding lawn mower for our coarser and larger green areas. "*
