

MOVEABLE GATE WITH LOOP LEGS

25-300160

Moveable gate with loop legs

- Robustly constructed with flat oval tubular piping, withstands the pressure of heavier animals
- Loop tubings at the top reduce the risk of injury if animals attempt to escape
- Loop tubings at the bottom prevent the gate from sinking into the ground
- Reversible, reduces the distance between the ground and the first stay, reduces the risk of calves which lie down getting up on the wrong side
- The gates can easily be connected together with a lock chain

Suitable for various types of animals, including cattle and horses

A flexible gate system with moveable, stable gates making it easy to erect collection pens, herding paths, stalls, pens, convalescence pens or screened-off areas. In winter the gates can be used to construct rest sites or as fittings in a loose housing barn.

Smart design in every detail

The gates are solidly constructed with flat oval tubular piping which provides an extra strong structure and enables the gate to withstand the pressure of even large and heavy animals.

The total height is generous at 170 cm so that the animals cannot jump over the erected enclosure, and there is loop tubing to prevent injury to the animals if they should attempt to escape.

The design of the loop foot prevents the gate from sinking into the ground, and acts as a skid when you move the gates

The gates are simple to connect together with a chain lock, which facilitates fast and secure connectionihopkoppling.

The gates are galvanised for a long service life.

TECHNICAL DATA

Tubular pipe size	50/30 mm
Total width	3000 mm
Total height	1700 mm
Weight	36 kg

Robustly constructed with flat oval tubular piping.

Loop tubings at the top reduce the risk of injury if animals attempt to escape.

Loop tubings at the bottom prevent the gate from sinking into the ground.

The gates can easily be connected together with a lock chain.

ACCESSORIES

Extend your application with these practical accessories.

34-FT40

Feed trough for gates, 40 l

34-FTH

Feed trough for roughage

34-FT140

Feed trough for gates, 140 l
