

CHIPPER 100

13-WC10

Top capacity at low power requirement

- Wood dimensions up to 10 cm
- Rotatable discharge chute
- Low weight
- Deep infeed hopper for safe feeding
- Good accessibility, easy to service
- Branch circuit breakers

Kellfri's WC10 chipper chips trunks up to 10 cm Ø with a power requirement of 30 to 45 hp, for mounting on a tractor's three-point linkage with a cutting disc powered straight from the tractor's PTO.

Manual infeed in deep infeed hopper for safe and flexible feeding, shreds sticks, branches, and saplings into compost and mulch coverage or smaller logs into fuel chippings. Rotatable discharge chute and ejection angle adjustment for even spreading or trailer filling.

Suitable for landscape maintenance on farms but also in areas managed by municipalities, road maintenance associations and tenant housing associations.

PTO shaft as standard.

TECHNICAL DATA

Wheel drive	Direkt driveshaft
Engine power	30-45 hp
Cutting disc	Ø 635 mm, 57 kg
L x W x H	1016 x 1067 x 1524 mm
RPM	540/1000 rpm
Weight	190 kg
